Yosemite Valley is just one small aspect of this magnificent National Park. For those of you that like to throw on the ole' backpack and get away from civilization, this is your chance to do it and see some beautiful backcountry at the same time. Your final destination will be Little Yosemite Valley.

We’ll spend our first night camping in Yosemite Valley and begin our incredible journey in the morning. Our goal is to reach the Yosemite Valley via the Happy Isles Trailhead, winding our way through the falls and trails that make the Valley famous. A gap day leaves us options for a layover day and side hikes to many beautiful spots along the way including Cloud’s Rest. Having an enjoyable time is closely related to how well you are equipped. Remember, the main goal is to have a good time.

In order for your experience to be a pleasurable one, we ask that you thoroughly read the information in the handouts provided, including the Itinerary, the General Trip Expectations and follow the recommendations on the Packing list. You must supply your own lunches, money for road meals, and personal equipment. (Camping gear rentals are available http://recreation.sa.ucsb.edu/adventure-programs/outdoor-gear-rentals) This trip requires that you be in good physical condition. Aside from carrying your own personal equipment, each person will be responsible for carrying some group food and group equipment.

Please feel free to contact the Adventure Center at (805) 893-3737 during business hours if you need any additional information and/or our leaders have not contacted you seven days before departure date.

Minimum Experience Level: Good physical condition. Hearty Beginner or Experienced Backpacker.
