

# Beach Wheelchair at UCSB Campus Point

UCSB Department of Recreation

*The beach wheelchair at UCSB Campus Point was funded through a grant provided by the UCSB Coastal Fund. The Coastal Fund is a student initiative dedicated to the conservation of the UCSB coastline.*

*Funds are generated and administered by UCSB students.*

The chair is located in the tan shed in front of the last trailer at the bottom of Lagoon Rd

Rear wheels must be removed before storing. Wheels are easily removed/attached by pulling the quick release pin.

Please help us keep the chair operational for many years to come by rinsing with fresh water after use and drying the chair as much as possible.

*We hope you enjoy your visit to UCSB Campus Point!*
