The UCSB Sport Club SCORE System is in place to recognize and promote the effort and hard work put forth by our teams on an annual basis. The levels listed below will help determine a Sport Club’s funding for the next fiscal year as well as maintaining status as a Registered Sport Club. Caps listed below simply indicate the most amount of money a club may receive at that level, but actual funding will vary based on needs and the amount of funding available year to year.

**White – Base Level – 51 points – Annual Department Funding Cap of $5,000**
Clubs are expected to meet this level each year to maintain status as a Sport Club. If a club does NOT complete the criteria to meet at least White level, the club will be placed on conditional club status and may receive no department funding. If a club fails to meet at least White level in consecutive years, their status as a Sport Club will automatically be reviewed by the Sport Club Executive Council and Sport Club Coordinator.

**Blue – Above Average – 100 points – Annual Department Funding Cap of $15,000**
The mid-level of recognition is for the clubs which are visible to the campus community, by providing competitive or spectating opportunities for students, in addition to going beyond the average fundraising and community services requirements expected of all Sport Clubs.

**Gold – Outstanding – 140 points – NO Annual Department Funding Cap**
The highest level in recognition is reserved for the teams which achieve excellent fundraising levels, are very active in the community, as well as on campus, and support other Sport Clubs in their activities. This elite group will represent a small number of exceptionally dedicated teams. Clubs at this level are eligible to receive an uncapped amount of department funding determined by recommendations from the Sport Club Executive Council and the Sport Club Coordinator.

**Recognition Items**
Our main focuses are fundraising, community service, and attendance at SCLS meetings and club events. Bonus point items will be needed to achieve Blue or Gold level.

**Relationship to Department Funding**
Funding for the 2020-2021 academic year is determined by the SCORE level achieved by your club in 2019-2020. For example, a sport club may request $6,550 for the 2020-21 fiscal year, but if your club only reaches white level in 2019-20, the most you can receive in department funding is $5,000. Budgets for next fiscal year will be released after the spring deadline for SCORE reports.
**SCORE Points**
Completing the following criteria at the REQUIRED level will earn a team 51 points (White Level). The time frame for completing these criteria begins July 1, 2019 and ends May 24, 2020. You must receive the minimum in each category to achieve white level and above.
