Aloha UCSB Surf & Kayak Camp participants and parents.

Please read this orientation letter thoroughly as it is very important all participants understand the rules and activities of camp.

Camp runs Monday thru Friday from 1:00pm-5:00pm. Drop off is between 12:45pm and 1:15pm. Pick-up is from 4:50pm to 5:15pm. The drop off and pick up location is the grass corner across the street from parking lot 6. There will be an instructor waiting to receive campers and answer questions. Camp takes place at UCSB Campus Point Beach please refer to the attached map. If you are later than 5:20pm for pick-up you will be charged a late pick-up fee.

If you desire to park and walk down to the beach you will need to purchase a parking pass. Most spaces in lot 6 require a UCSB Faculty/Staff parking permit, but there some “Coastal Access” spots available (look for signs). The Coastal Access spaces require the purchase of a parking pass from the automated machine and they have a 4-hour time limit. There are no all day passes. You may also inquire about special camp parking permits available for purchase at check in/out.

On Monday, after check-in, we will walk as a group down to the beach. We will have a brief review of the camp rules, introduce the instructors, clarify camp boundaries and outline activities that will take place throughout the week. We will distribute rash guards then conduct a short swim test to ensure all the participants are comfortable swimming in the ocean. The swim test consists of swimming out past the surf break (approximately 50 yards) to a lifeguard waiting on surf board, treading water for 1 minute and swimming back to shore. Following the swim test, there will be an on land surf lesson for those interested, others may begin regular camp activities.

There will always be instructors teaching and assisting with surfing in the water throughout the week. There will generally be two instructor led kayak trips per day. Participants are not permitted to use kayaks for surfing because it is very dangerous for themselves and the swimmers/surfers in the water. Various beach games will be organized for those wanting to take a break from being in the water. We allow campers to choose how much time each day they would like to spend surfing, swimming, playing, or just enjoying the beautiful beach environment.

Camp Rules:
Treat others like you would like to be treated.
Never leave the beach boundaries without getting permission from an instructor.
Never leave trash on the beach.
No fighting, No bad language, No mocking of others will be permitted.
No throwing sand. Sand in the eyes is painful and can cause permanent injury.
Campers are not permitted to go to the University Center during camp.

MEDICATION AT CAMP PERMISSION FORM

Dear Parents/Guardians:

Although the camp has no legal obligation to administer medication, we recognize that in some cases it is in the child’s best interest to allow him/her to receive medication at camp. According to Ed Code Sections 49423, 49407 and Board Policy 4400(d), schools may assist students with the administration of medication. In consideration of school districts agreeing to administer such medication, Ed Code Section 49407 holds the school districts and its employees free from liability for the dispensing of such medication. This same consideration will hold true for the UCSB Summer Day Camp and its employees.

The following items must be completed and/or maintained in order to permit camp personnel to dispense medication:

1. A signed order from your physician for the current summer must be on file at our camp office if it is a prescription medicine. (Use form below)

2. A written parent request for camp personnel to assist in carrying out the administration of the medication as set forth in the physician’s statement must be on file at the camp office. This written request should also be on file for non-prescription medicine. (Use form below)

3. Medication must be kept in a bottle from the pharmacy labeled with child’s name, dosage, and name of drug. Ask pharmacist for two bottles of medication, one for home and the other for camp. If medicine is not a prescription, the medication must be in its original bottle.

4. Changes in medication, dosage, or time must be communicated to the camp by phone or note.

5. The camp, with parent consent, may need to communicate with the physician and counsel with camp personnel regarding possible effects of the medication.
